Thinking Out Loud

H. M. L.

Occasionally in the news we read of some child being barred from the public schools because it refuses, on command of its parents to salute the Stars and Stripes. The parents as a rule belong to a religious sect called Jehovah's Witnesses. We have no sympathy with this or other sects whose chief appeal is to the emotions and supersititions of a large group of Americans whose chief weakness is a lack of sound education. But we do hold this barring of children from the public schools because they obey their deluded and ignorant parents, an outrageous violation of those rights of which the Flag is the bright and beautiful symbol. We hold that these fanatical defenders of our Flag, themselves bring shame upon it.

Religious freedom is one of our constitutional guarantees, and in the days of the adoption of the Constitution due allowance was made for one religious sect, which opposes a public oath, the Quakers. To this day Quakers and those who believe as they do, need not swear on the Bible that they will speak the truth. They "affirm" they will tell the truth. If our laws have been made so flexible that the Quaker could be accomodated in his special aversion to taking an oath, why in the name of good sense, should little children be denied our schools because a fanatic sect to which their parents belong, opposes saluting the Flag as contrary to divine command.

These outrages committed against young children are largely the result of pressure brought to bear on boards of trustees by the press, and by organizations intent on eradicating the radicals The mob spirit, the hunting pack spirit tries to ride down all those who do not believe and practice as the mob does. The Salem witchcraft burnings were the logical result of fanaticism pitted against fanaticism.

The Declaration of Independence, when it was written, was the most tolerant document ever composed by man. It laid a broad foundation for all the liberties and the rights which we have enjoyed for 160 years. It is in these times of stress, of flux and change that intolerance rears its monstrous head, and in the sacred name of patioitism, institutes widespread persecutions. The result is always the same. Persecution breeds martyrs, and martyrs gain unprecedented followings. Christ died a martyr to religious fanaticism. Yet his followers time and again through the ages have become blood thirsty fanatics themselves.

Education is the cure, or should be the cure, for intolerance and fanaticism. The fact that there are large groups in this country, so ignorant, so unreasoning, so credulous, yes, and superstitious that they join strange isms, espouse wierd causes and embrace evil doctrines of government and of religion, or join such cults as the nudists, is a severe indictment of our educational system.

Paul preached "moderation in all things." It is another name for tolerance. No matter how deluded and benighted we believe the Jehovah's Witnesses to be, it is no reason that they should be whipped over the backs of little children.

Washington Points Way to Big Increase In County Payroll

If only a very few miles of road were improved and graded so that trucks can use them with facility in hauling large loads, it would mean an increase in business of half a million a year for the county in payrolls and purchase of supplies. This is the gist of a letter to the Nevada City Chamber of Commerce from eight business and mining men of Washington.

In response to the letter President Fred E. Conner of the Chamber has appointed a committee consisting of R. J. Bennetts, W. F. Roddy and Judge Raglan Tuttle to make a thorough investigation of conditions, with the expectation that the chamber will move vigorously to carry out the road improvement, if the committee reports facts to warrant such action. The letter follows:

Washington, Cal.
July 12.

To the Nevada City Chamber of Commerce.

Gentlemen:

A survey of conditions in the vicinity of our community brings to our attention the fact that the development and general prosperity of this district in general as well as that of our county, is being severely hampered by the lack of reasonable transportation facilities. There exists in our general vicinity many mining properties in which capital could be interested, if concentrates or ore could be transported to the railroad at reasonable cost.

Located within a few miles of our particular community is a deposit of many hundred thousand tons of a mineral ore that would find ready sale in the paint industry, if transportation facilities were such as to permit of even reasonably economical operation.

The lumber industry in our community is growing yearly, but our investigation has disclosed the fact that due to the lack of even passable roads, the re-manufacturing plant and headquarters of this company has been located outside our county.

It is our opinion that if some means of applying this portion of your county with even reasonable means of supplying this portion of and industries now operating would be in a position to so enlarge their operations as to develop for our county a volumn of business in payrolls and supplies purchased amounting to a half million dollars or more per year.

It has been suggested that inasmuch as federal funds are now being expended for similar development in other communities it might be possible to interest one of the various branches of the federal government having to do with the allocation of the expenditures of such funds.

With the thought that your Chamber of Commerce is properly equipped to make such investigation and take such further action as you may deem proper the matter is respectfully submitted for your consideration by the undersigned.

Respectfully,

H. O. Kohler, A S. Schwartz, J. A. Crowley, Clyde M. Cole, J. S. Kramer, J. A. Graves, E. J. Haverstock, Martin Vanberg.

HOW THE NEWMAN BROTHERS WERE FINALLY NABBED

The story of how the long arm of the law directed by Sheriff Carl J. Tobiassen finally reached out and collared the Newman brothers, who are to be tried in September for the murder of Christian Meyer, should be one to cause all prospective crime commitetrs to hesitate.

The Newman brothers fled from Grass Valley the moment they understood they were suspected of the murder. They traveled by devious paths and by devious methods.

Only a day or two after they disappeared and thereby firmly fastened suspicion upon themselves, a writer for the True Detective, a well known magazine, came into the Nugget office bought all the recent issues of the Nugget and after reading all the accounts therein, wrote a story for True Detective in which pictures of the fugitive brothers were used as illustrations.

It was months later that an issue of this magazine fell into the hands of the foreman of a construction job in Arizona, and instantly he recognized the picture of the taller of the two brothers The picture of the other brother was taken when he was a youngster and was a very poor likeness. The foreman wrote a woman in Nevada City, regarding his identification of the two brothers, and asked her to communicate with the sheriff. This was done. Sheriff Tobiassen at once got in touch with Arizona authorities, but the Newmans in the meantime had moved on. Again an anonymous letter to the sheriff, this time, arrived from another point in Arizona, and this time the trail grew warmer. A little correspondence established that the Newmans had moved again but they had left a clue to their next destination, near Leadville, Colorado.

The magazine which published a picture leading to the first identification, also offered a reward of $100 which one anonymous letter writer is entitled to, if he would establish the fact that he turned in the first clue.

County Mines Show Employment Uptrend

Mining employment in Nevada county shows an upward trend again after remaining practically stationary for several months at 2,500 men. This month's survey shows 2563 men at work in the gold mines, gravel and quartz. The payroll now aggregates over $35,500 monthly. Most of the increase in employment is in the larger properties. Lava Cap, for instance now employs 225 men.

Several smaller mines have renewed operations and exploratory work is being done in many former producers. Reports from various operating mines follow:

ORIENTAL PROPERTY

It is reported there is a prospect the Oriental mine at Alleghany will start up shortly. The mine is owned by the same interests that own the Kenton. The Oriental has a rich past production record.

ORO FLAME MINE

Mr. J. J. Connell of Alleghany, owner of the Oro Flame mine at the above city states in prospecting operations good results are being obtained. Two men are engaged in drifting in the 800 foot long tunnel.

PLUMBAGO MINES

A survey is being made for the ppurose of raising one or two new shafts at the Plumbago mine at Alleghany. From the ninth level to the bottom a cave of serpentine closed the shaft so it is likely it will never be reopened. The new shafts will be necessary to develop the ore. Twenty five men are employed.

MONARCH MINE

A five stamp mill started operations July 16 and four men are getting the Monarch property in shape for steady production. It was the property of the late J. H. Lee and was inherited by Messrs. Lockhart and Bullock, who have leased the mine to Mr. Orval Holmes and associates of Kansas City.

GOLDEN BEAR MINE

Mr. Ed C. Uren, mining engineer of Nevada City visited the Golden Bear mine near Downieville a few days ago. Two shifts of men are developing the Cincinnati vein through a drift 180 feet below the surface.

REEDER PROPERTY

Five men are employed on the Reeder gravel property on Shady Creek north of North San Juan. A dredge with bucket attachment scoops up the gravel, loads it into trucks and it is hauled to nearby water and washed in boxes to recover gold.

MT. VIEW MINE

Mr. J. F. White, superintendent of the Mt. View mine at Washington, with several men have about half completed wrecking and moving buildings and equipment from the Eagle Bird property to the Mountain View mine. The mill was moved within the last few days.

BLUE EAGLE MINE

Four men are employed in starting operations at the Blue Eagle mine two miles west of Nevada City, taken over last week by Mr. McCumber and son and Mr. Jack Mauri, of Oakland. Installation of the mill was made early this week. It has a 15-ton capacity.

NEW ADDITION TO COURT HOUSE NEARLY FINISHED

County Clerk Noble McCormack and his staff are gradually moving into the new addition to the court house. The annex is strictly modern in every respect. It is built for coolness in the summer time and warmth in the winter. Abundant light flows in through metal sash windows. It is so arranged the old part of the office is lighted by a row of windows placed just under the ceiling of the old room, where it joins with the new. The new supervisors room opening on the hall and into the clerk's office is almost ready for occupancy.

For $150 the supervisors have bought an old bank safe door for the brand new safe deposit vault, and a room has been provided for housing all the switches, for heating, lighting and, later on, for the elevator.

Contracts are to be let for two more additions to the court house, one in front and one on the east side. No government assistance, or WPA aid will be asked on these jobs.

The porch arches of granite at the entrance are to be moved to Pioneers Park and set up as a historical souvenir of early days.

CORNISH MINE

While driving a 40 foot tunnel at the Cornish mine Mr. W. J. Coffin, owner and operator, discovered two prospectors panning gravel nearby and learned they were making about $9 a day. From examination it is believed the gravel is a continuation of the famous old City of Six channel. The property lies between the Ruby and Gold Hub, southeast of Downieville. Nine men are developing the quartz ledge in drift operations.

NEW GRAMMAR SCHOOL IS 60 PCT. COMPLETED

The new grammar school in Nevada City is estimated to be 60% completed and a crew of 40 carpenters and 20 helpers are making rapid progress in rushing the building to complete it as soon as possible. The concrete foundation, is done, all studding in place, siding on for dark cream stucco finish, sheeting is being laid for a tile roof.

The building will have 12 large rooms about 20 by 40 feet in size to accomodate between 400 and 500 children. The first room at the corner of Cottage and Pine streets is the auditorium with stage and seating capacity for 300 people. A modern system for speaking is to be installed over the stage. Next is a corridor that runs north and south through the building, with another running east and west to Main street entrance where another corridor extends through the center to the north. Several exits give plenty of entrances to the building. The main entrance and lobby will be at the corner of Main and Cottage.

The whole building will be steam heated, with hot air ventilation also in the auditorium, from the big furnace in the basement. Pipes are being laid through the building at this time and conduits are being placed for all electric wiring. Sixty four radiators are on hand to be installed.

There are several closets, library, office for principal, store room and office for janitor, boys and girls lavatories, teachers rest room, clinic rest room and three drinking fountains in the cordidors besides several in the yard. On the Main street side there are three raises in the corridor to place the rooms on levels with the section of the hall adjoining.

Four rooms from the old two-story building on the east will be dismantled to make room for a part of two class rooms. The big building extends across the lot on Cottage and about two-thirds of the lot on Main street. The lines of the building along the street will provide a large playground for the children and keep them out of traffic on the streets. A large Douglas fir was spared on the Main street and a row of fine elms were saved on the playground to the rear of the building. It is expected the new building will be ready about October first. School will resume in the old building until completion of the new.

This building and fixtures will cost $120,000. Messrs. R. J. Bennetts, M. Rector and Thomas Richards were on the building committee for the new structure. Mr. Phil G. Scadden is in charge as overseer for the city of Nevada.

SIDEWALK DRIVER GOES TO COOL RETREAT

Edward H. Burgan somewhat befuddled by exterior and interior heat drove his car upon the sidewalk in Commercial street, and when arrested complained that the sidewalk was too narrow His bumper had been wrapped around a balcony post.

Police Lieutenant Ninnis conveyed him to the county lock-up which is now being used while the city builds a new city hall and jail. There Mr. Burgan shucked out his pockets, gave the usual personal information, and then asked good naturedly: "What do I do next?" and Mr. Ninnis replied: "You retire now to a nice cool place, the coolest in town."

IDAHO-MARYLAND MINES

The large tailings plant being constructed at the Idaho-Maryland mines property northeast of Grass Valley, is being held up through delay in receiving several pieces of machinery. Strikes in San Francisco are delaying delivery of these parts. When received the plant will be completed and in operation in a short time.

SAN JUAN WATER TRIAL IS BEGUN

The case of Lindley C. Morton and San Juan Gold Mining Company vs. San Juan Mutual Water Users Assn., went to trial in the Nevada County Superior Court yesterday before Superior Judge Raglan Tuttle. Attorney R. Manwell of Marysville represented W. P. Clerkin and W. E. Moulton, while Attorney Carl A. Onka of San Francisco is with the firm of Jones and Finnegan attorneys for the Morton interests.

Among the witnesses called yesterday were: W. E. Moulton, W. P. Clerkin, Bill Snooks, Mr. Dudley, Ross F. Taylor, F. M. Harris, Mrs. Kate Sullivan, Mr. Alpers, Mr. A. Browning, Mrs. Holland, Mrs. Jones and Attorney Lynn Kelly.

Indications are the case will be continued into today as witnesses continued to be called late in the afternoon.

BEST THAT MERRIAM RECALL MOVE DIE NATURAL DEATH

Little has been heard, recently, of the movement started in Southern California to muss up the election this year by thrusting into it a vote for the recall of Governor Merriam, but at last accounts nothing stood in the way of getting the petition on the ballot except the difficulty in raising the money to do it. The tradition is that signatures can be got to any petition to do anything at ten cents a name. All that seemed lacking in this case was the necessary multiple of ten cents.

Let it be hoped that either lack of money or the reluctance of people to sign will keep this particular petition from the ballot. One does not have to be an admirer of Governor Merriam to realize how easily the state might jump from the faults for which he has been criticised to the dangers of some resolute radical or faddist. Or, even if the recall should fail, or should result in the election of an entirely acceptable opposing candidate, the confusion imported into a campaign that needs to be unconfused would be in itself a major evil.

Governor Merriam was elected after a campaign in which there were no illusions. Both his strong and his weak points were fully realized. They are no different now. There is no reason for recalling him now that would not have been an equally persuasive motive for defeating him then. The people very properly decided, then, that on the whole case Mr. Merriam should be elected. On the whole case, Mr. Merriam should now be retained. And, on an even stronger case, an election which has issues which must be decided now should not be confused by raising others which do not need to be decided now. Let them be raised, if at all, in their due and proper time—which will be at the regular state election, two years from now.—San Francisco Chronicle.

SHOWER FOR BRIDE-TO-BE

Miss Dorothy Jurkovich, bride-to-be, of this city, was entertained at a delightful party and shower Wednesday evening. Cards were the diversion of the evening. Mrs. Tony Rore winning high score and Miss Olga Radich, low.

A profusion of gorgeous pink gladoli and pink and white sweetpeas were used in the pink and white decorative color scheme. The bride-to-be received many beautiful gifts. Dainty refreshments were served late in the evening.

Miss Jurkovich will marry Mr. Fred Motrell some time in August. They will reside in an attractive little home he has about completed on the Red Dog road east of Nevada City.

Those present for the delightful affair were: Misses Lucy Rukavina, Eva Cotrell, Lil Duechessi, Mary Solaro, Bernice Braun, Genevieve Evans, Eva Saban, Mary Saban, Kay Saban, Lu Cicogni, Jen Vranich, Stella Melranich, Olga Radich, Annie Blaitch, Viola Jurkovich, Anita Jurkovich, Dolly Budi, Mesdames Bljich, Jage Zanocco, E. Conley, Silva, Vranich, W. Budi, Radich, Tony Rore, A. Lako.

ROAD MEETING IN DOWNIEVILLE WELL ATTENDED

Swaying from side to side around the thousand curves of the highway which the late Judge McMahon of Sierra county designated as the "Mae West road," a caravan of Nevada City and Grass Valley men and women attended to a road meeting at Downieville Tuesday, following a breakfast in the National hotel in this city.

The meeting in Downieville was held in the old St. Charles hotel with Tony Lavezzola as host, and approximately fifty persons sat down to the tables.

A. J. Just, district attorney of Sierra county and president of the Sierra County Chamber of Commerce, presided. Chief speakers were: William Boucher, manager of the Sacramento Valley District Chamber of Commerce, Edward J. Neron, deputy director of the Department of Public Works and C. H. Whitmore, highway engineer in charge of this district. As usual none of the speakers ventured outside of generalities in discussing the Downieville highway. Neron assured the people that the highway commission had the problem of the Downieville highway at heart and intended to do something about it. He did not say when nor how much. Whitmore, gave a resume of the divisions into which the tax fund has been cut, showing that only a half cent of the four cent gas tax is available for road construction of reconstruction of roads. Boucher talked of the many road tours which he as manager of the State Chamber is making and the alleged good these trips are doing in acquainting the state road officials with the desires of the people.

Judge Tuttle assured Sierra county people that the Nevada City Chamber of Commerce was 100 per cent behind them in their efforts to get money appropriated for making the Downieville highway a safe road. and proposed that when the next meeting of the state highway commission takes place a large delegation from both counties present their case to the commission itself.

Judge Inman made a humorous speech in which he kidded his old friends in the state capitol.

Mr. Just recited the fact that at a joint meeting of Sierra and Nevada county chambers sometime since, it had been agreed to ask for $300,000 to straighten out the numerous kinks in the Downieville highway Other speakers were Fred E. Conner, L. B. O'Rourke and R. L. P. Bigelow.

It was a good dinner and everyone had a good time. The following persons were there:

William Boucher, Secretary of the Sacramento Branch of the State Chamber of Commerce; Edward T. Neron, Deputy Director of Public Works, and northern California assistant to Earl Lee Kelly, head of that department; C. H. Wetmore, District Engineer, of the 11th highway district; Judge Raglan Tuttle, Judge J. M. Inman, former Forest Supervisor R. L. P. Bigelow, who received a "big hand" from the gathering; L. B. O'Rourke, chairman of the Plumas County Chamber of Commerce; Fred E. Conner, president of the Nevada City Chamber of Commerce; R. J. Bennetts, Mrs. R. J. Bennetts, Jesse Poundstone of Colusa county; L. A. Schroeder, chairman of the Sierra County Board of Supervisors; Loyle E. Freeman, president of the Grass Valley Chamber of Commerce; E. K. McDonald, secretary Plumas County Chamber of Commerce; John M. Sheedy, Downieville mining man; F. H. Turner, county clerk of Sierra county; B. Denmire, George F. Taylor, county surveyor of Sierra county; Mrs. Nora Cameron, Lucile A. Costa, Mary Irma Beck, NRS secretary; Mrs. Margaret Elaine Lambert, County Treasurer Sierra count; C. W. Robins, Lucile McDonald, R. M. Scott, DeWitt Nelson, Forest Supervisor; H. M. Leete, Nevada City Nugget; V. E. Hallock, Andrew Moglin, T. E. Davies, Sierra county supervisors; G. M. Wythe; Sheriff W. B. Johnson, A. J. Ponta, traffic officer, who convoyed the party from the Middle Yuba river; W. F. Roddy; John W. O'Neill of the The Morning Union; Kenneth Latta; Mr. and Mrs. A. Costa; G. A. Baumgartner, Highway Engineer of Butte county; Sam Marks, president of the Board of Supervisors of Sierra county; S. T. Bennetts, Butte county supervisor; Mrs. Gaylord Green, Floriston; O. E. Odegaard, R. F. Ramelli, C. G. Hinkle, Quincy Hotel man; Raymond McIntosh, W. W. Waggoner and Mrs. A. J. Just.

P. G. & E. HONORS 23 EMPLOYEES

Twenty three employees of the Pacific Gas and Electric Company with records ranging from five to thirty years, received service badges on Sunday last at the annual barbecue of the Pacific Service Employees Association at the grounds of the Placer Country Club.

The awards in recognition of services were made by H. M. Cooper, Division Manager. Those receiving the badges were:

Thirty years: A. P. Clark, Roseville; twenty five years: John W. Bristow, Auburn; Charles A. Harbsmeier, Halsey; George W. Tobey, Auburn; Harlie S. Wilson, Auburn; twenty years: George W. Hager, Drum; Guijas J. Richards, Wise; Lester W. Ruth, Auburn; fifteen years: Phillip J. Federer, Auburn; Frank T. Fontz, Drum; Henry J. Stewart, Grass Valley; Thomas M. Waistell, Auburn; ten years: John L. Bennett, Grass Valley; George Bowen, Alta; Henry T. Brooks, Auburn; Samuel Chadderton, Grass Valley; John L. Johnson, Auburn;

ALEX DURBIN LAID TO REST TOMORROW

Funeral services for the late Alex Durbin will be held at 10:30 o'clock tomorrow morning at the Holmes Funeral Home with the Rev. H. H. Buckner officiating.

Alex Durbin passed away early Wednesday morning after a brief illness.

Deceased was 82 years old, a native of Needham, Mass. When a young man he came to Nevada City and had made his home here ever since.

He was a skilled painter by trade, retiring some years ago. He is survived by his wife and the following children: Mrs. Edna Gatliff of Eureka, Calif.; Mrs. Edith Carr of Almest, Calif., Elmer Durbin of Nevada City and Elton Durbin of Sacramento. Three grandchildren, Donold, Dick and Miss Dorothy Thomas.

Fred Knudsen, Jr., Auburn; Martha N. Spooner, Auburn; five years, Blair E. Eddy, Colfax; William E. Marshall, Auburn; Jack P. Roberts, Deer Creek; Robert Ruth, Deer Creek.

A barbecue, prepared by W. S. Cluff, Charles Lee and Jack Peden, was served to 450 employees and guests. A ball game between the Placer and Nevada districts was won by Placer.

TEAGUE PRAISES FARM AND CHAIN STORE COMPACT

SAN FRANCISCO, July 23.—Following the example of California chain food stores in the successful marketing of excess crops, a nation-wide program adopting the same principles has been formulated between the chain stores and farm groups, it was announced in San Francisco today.

The plan, considered the most important single step in years looking toward solution of the farmers' selling problems, grew out of a study of marketing possibilities by the chain stores, and their proposal of a series of conferences with the farm leaders. The meetings were held in Urbana, Ill., and New York City.

The selling facilities of 22,000 retail stores throughout the country will be put at the disposal of the farmers under the program adopted. Four thousand associations of farmers, representing 1,500,000 members, and including 145 marketing co-operatives, are directly involved in the plan. Nineteen of these participating cooperatives, under the National Co-operative Council, are California groups and representing many thousands of growers.

Commenting upon the new understanding between food producers and many of the most important food distributors, C. C. Teague, president of the California Walnut Growers Association and the California Fruit Growers Exchange, said:

"I regard the conferences between the chain stores and the committee of the National Co-operative Council as a landmark in the beginning of a better understanding between the producers and the distributors of agricultural crops. I believe that out of these conferences will come improved practices which will greatly help in the merchandising, and distributing of farm crops."

Mrs. L. L. Myers of Alleghany was a business visitor in Nevada City Tuesday. Her father the late Mr. Bradbury, was interested in the 16-to-1-Tightner mine years ago.

GROSS JUNE OUTPUT OF ALASKA JUNEAU $442,500

Alaska Juneau Gold Mining Company, P. R. Bradley, president, 1022 Crocker Bldg., San Francisco, reports a June gross income of $442,500 and profit before charges of $220,600 against a loss of $24,000 in June a year ago when the property was inactive because of strike conditions. The company recovered 12,557 fine ounces of gold; $3000 in silver and lead in June this year from 371,330 tons of ore mined. Profit before charges for the six months ended June 30 was $1,141,800 against $954,600 and gross was $2,462,000 against $1,959,000.

AIR CONDITIONED TRAINS BAN HEAT

CHICAGO, July 23.—The long, hot reaches of the western desert country no longer bring perspiration to the traveler's brow. The railroads have solved the problem of summer travel in the desert country—air-conditioning.

This year air-conditioning will be one of the primary factors in an increase in western vacation travel. These statements were made here today by Harry G. Taylor, chairman of the western Association of Railway Executives.

In making his statement, Mr. Taylor pointed out that the Western Railroads have $27,000,000 invested in air-conditioning equipment of all classes. He said: "We have a tremendous investment in air-conditioned cars, but we feel that our investment will justify itself in increased travel."

Mr. Taylor's report showed an increase of nearly 50 per cent in the number of air-conditioned cars now in service. For 1935 the railroads and the Pullman Company operated 2,500 cars, representing an investment of $19,000,000 on the western railroads. At the present time there are 3,669 cars of all classes being operated as air-conditioned units in the western territory. The increase means, according to Mr. Taylor, that the "hot train" has virtually been eliminated from first class travel. He said: "Travelers no longer need fear the excessive heat of a cross-country train ride. The air-conditioned cars make the trip with less than a two per cent variation in cool temperature. And more, hay fever and asthma sufferers can be assured a safe haven on the sealed, air-conditioned cars, for the pollens of the goldenrod, the rag weed and the rose are all taken out of the air that is filttred and purified before being released in the cars."

Mr. Taylor also pointed out that the western railroads were proving the workability of air-conditioning on a large scale. He added: "The progress made by the railroads in air-conditioning has founded a new industry, and the work provided by the tremendous sale of air-conditioned equipment has given the industry the necessary life blood of business to keep it going."

BIRTH

BORN—In Auburn, California, July 17, 1936, to Mr. and Mrs. Pierson Tuttle, a son, 9½ pounds. Mr. Tuttle is the son of Judge and Mrs. Raglan Tuttle of this city.

NEW YORK MAY SWING AGAINST PRES. ROOSEVELT

WASHINGTON, July 23. — Mrs. John Amen, daughter of Grover Cleveland, twice President of the United States, and herself president of the Women's Democratic Union of New York City, in a recent interview reluctantly confessed her disappointment in the Roosevelt Administration and took issue with Chairman Farley's claim that "it's in the bag." She does not think so.

"I believe it is the general feeling all over the country that the wishes of the people as a whole have not been taken into consideration in the administration of relief," said Mrs. Amen.

"Roosevelt's re-election is not certain. He does not have the country sewed up to vote for him in November, and he is going to have a stiff battle in the fall. There is a very definite possibility that New York state will swing Republican.

"I am sorry to say that I am not sympathetic to many features of the New Deal. I don't want to say any more on that score except that my chief point of opposition is the relief situation.

"Personally, I hope I do not have to go Republican in the fall," said Mrs. Amen, in conclusion.

LOCAL MAN IN SHRINE BAND

Mr. William Tice, of the Nevada County Lumber Company, returned Sunday from the Shrine convention in Seattle, Wash. He is a member of the San Francisco Shriner band and while in Seattle, met quite a number of former friends from Chicago whom he had played with 20 years ago. He participated in a band concert in which there were 2,000 seated musicians and which was directed by Herbert Clark, first solo cornetist under John Philip Sousa, years ago.

SHERIFF'S SON KICKED BY HORSE

Elton Tobiassen, son of Sheriff and Mrs. Carl Tobiassen was kicked and severely injured by a horse Tuesday. Young Tobiassen was on a horse, driving another horse from the pasture when the driven horse kicked back at the horse upon which he was mounted and struck the boy's leg. The iron shoe of the horse cut deep into the leg. Dr. Hummelt, who is caring for the lad, gave him an injection of serum to prevent tetantus, or lockjaw.

Mr. Christian Andersen of Nevada City has been appointed by Mr. Jack Keegan of the Strand Theatre of Grass Valley to be master of ceremonies of State Fair amateur hour contest which runs in the local theatre each Saturday for the next six weeks.

DOWNIEVILLE WELCOMES GRAND MASTER I. O. O.F.

W. W. Martin of Shasta County grand master of the Independent Order of Odd Fellows, paid his official visit to the Downieville lodge of that fraternity last evening. A large delegation of Grass Valley and Nevada City Odd Fellows attended the meeting and gave the grand master a hearty welcome.

INFANT LAID TO REST AT PIKE CITY

Rev. H. H. Buckner conducted the services for Walter Louis, infant son of Mr. and Mrs. Walter L. Williams of Pike City, Sierra county, Tuesday afternoon at four o'clock at the Holmes Funeral Home. Mrs. Lyda Talbot sang, "The Beautiful Garden of Prayer." Burial was in the cemetery at Pike City late Tuesday afternoon.

Through a special call from William Mitchell Banner Mt. Post, V. F. W., held a get-to-gether meeting last evening, in order to straighten up the business left over from the July Fourth celebration. A social time and dinner were enjoyed at the Union Hotel after the meeting.

BASEBALL GAME AUGUST 2ND

The baseball diamond at Pioneer Park is being used daily by the youth of Nevada City and is a wonderful asset to the recreational facilities of Nevada City.

A game will be played at the park on August 2 between the local team and Alleghany concerning which much interest has been aroused and a good crowd of fans will be on hand to cheer 'em along.

Miss Louise Arthur of Toronto, Canada, arrived in Nevada City recently to spend the rest of the summer at the home of her brother, Mr. J. K. Osborne, and Mrs. Osborne on the Ridge Road.

COLLEGE BOYS WAR ON RADICALS

LOS ANGELES, July 23.—A new war against communism on a nation-wide college and high school front has been declared by the Future Defenders of America, Inc., a national youth organization composed of students from more than 90 American colleges and universities.

Meeting in their first national convention at Loyola University at Los Angeles this week, the delegates voted unanimously to extend their patriotic campaign into America's co-educational institutions and high schools and named Carl Schuck of St. Mary's College (California) as its director.

They also voted active support to the recent Papal encyclical for more rigid censorship of motion pictures in the interests of morality", and condemned the single tax as "confiscatory" and the California chain store tax as "un-American and discriminatory."

"We too want peace and social justice," National Commander Martin H. Work of Loyola, who was re-elected, told the delegates, "but we know that we cannot attain them by sacrificing our American ideals. We must oppose such un-American methods as practiced by other youth organizations who wave the bi-colored flag of 'red' and 'yellow'."

Work was referring to the Veterans of Future Wars and the Future Gold Star Mothers, both college organizations formed last year at Princeton University and Vassar, respectively, to satirize payment of the veterans' bonus and trips to the graves of their soldier dead for America's gold star mothers.

Eddie McGivern, son of Mr. and Mrs. Vert Williams of Grove street, left Sunday with a group of Cub Scouts for Camp Pahatsi.

NEWLYWEDS WILL MAKE HOME IN GOLD FLAT

Milton Noyes, son of Mr. and Mrs. George M. Noyes of Gold Flat and Annie Bryden Dixon of San Francisco were married last Saturday in Reno. The bride is the daughter of Mrs. Alma Dixon of Marysville, she is a graduate of Notre Dame school of Marysville. The groom is a graduate of the Nevada City high school and attended the University of California. He is at present an electrician of the Empire Star Mining Company. The young couple will make their home at Gold Flat where they have built a home.

MARRIED

Mr. William F. Wickman of Nevada City and Miss Ida Parrish of Grass Valley were united in marriage Wednesday forenoon by Justice of the Peace Walter L. Mobley in his office. Constable William Jeffrey and Mr. Jack Woods were witnesses to the ceremony.

Mr. George Hallock, superintendent of the Sixteen-to-One Extension mine at Alleghany, was a Nevada City visitor Wednesday. He stated work was continuing as rapidly as possible at his property. The shaft is down over 315 feet.

FORMER RESIDENT PASSES ON

Word has been received in Nevada City of the death in Hanford on July fifth of Mrs. Dell Eddy, aged 71 years. Mrs. Eddy lived in Nevada City for many years. Her husband, the late Stanley Eddy at one time conducted the National Hotel Exchange Hotel in Nevada City and sold it to the late E. J. and B. S. Rector.

BIG OAK TREE MINE

Ore is being mined at the Big Oak Tree mine adjoining the Rising Sun property and trucked to the Idaho-Maryland mill for extraction of gold. It is stated very satisfactory returns are being made. Six men are employed one shift. Mr. C. O. Mittendorf is owner of the property and Mr. Frank Channing is superintendent.

DEER CREEK UNION MINE

The shaft is down about 400 feet and ore continues to yield good values at the Deer Creek Union mine owned by Capt. George A. Nihell who resides on the property. Rumors are that the company may put up a mill within a short time. Sacramento and Folsom capital are developing this property located south east of Nevada City.

BOY SWEPT OVER DITCH SPILLWAY

Gene Ester, 12 years of age, while playing about camp where his parents were vacationing in Bear Valley 18 miles east of Nevada City, fell into the big irrigation ditch. The lad was swept along swiftly a distance of 40 feet and thrown over a spillway where his head became wedged between two rocks before he was rescued. Dr. Carl P. Jones and the Holmes Ambulance of Grass Valley were summoned. The little chap had two gashes on his head and his eyes were swollen shut when the amublance called for him. He is resting as well as can be expected at the Jones Memorial hospital.

NEVADA MINE

A company has taken an option on the Nevada property in the Canada Hill district southeast of Nevada City. Five men are employed in running a drift parallel with the Mayflower vein. It is understood the deal was made by Mr. J. M. Hoff.

TOURIST CAR HITS COW; COW WRECKS CAR

A tourist car with an Ohio license plate while coming down the Tahoe Ukiah hifhway Wednesday evening near the CCC camp was halted abruptly when a young cow leaped down the bank in an attempt to pass the machine, landing partly on the car and in front of it. The radiator and fender of the light car were damaged. The young cow received two broken hind legs. One of the men from the CCC camp and Traffic Officer W. C. Fouyer, arrived at about the same time and killed the cow.

Mr. W. C. Fouyer, who is on his vacation, parked his car to the side of the road and another car came down and near the accident ran into Mr. Fouyer's car and damaged his machine to the extent of about $200. Lou Elkus of Plaza Garage towed the tourist machine to the garage where it is undergoing repairs.

Mr. and Mrs. Dan Jones and Mr. and Mrs. Burnette of Sweetland were in Nevada City Thursday.

JUDGE TUTTLE TO PRESIDE IN NOTED S. F. CASE

SAN FRANCISCO, July 23.—Superior Judge Raglan Tuttle of Nevada County will be presiding jurist when San Francisco's first sterilization trial, with 21-year-old Ann Cooper Hewitt the plaintiff opens here August 3rd.

The defendants are Drs. Tilton T. Tillman and Samuel G. Boyd. Tuttle was named by the state judicial council after it was decided that San Francisco judges automatically should be disqualified because Tillman's position as a member of the county and city lunacy commission is an appointive office of the superior court.

HAPPY SURPRISE PARTY FOR NEWLY MARRIED

Tuesday night after a meeting of Oustomah Lodge of Odd Fellows a delegation of members went to Piety Hill and "walked in" on Mr. and Mrs. Chester Peterson and after a visit presented the newly weds with a gift in the form of a rocking chair. The visit and gift were much appreciated by the young couple who are active members of the Odd Fellows and Rebekah lodges.

Refreshments were served and after inspection of the new home the delegation left at a late hour.

WEDDING AT GOLD FLAT HOME SATURDAY

With Elder Carter of the Church of Latter Day Saints officiating, Thomas Wasley, son of Mr. and Mrs. William Wasley of Gold Flat was united in marriage at the beautifully decorated William Wasley home in Gold Flat to Miss Fleda Poindexter of Grass Valley on Saturday.

Mrs. Ernest Beck was matron of honor and Larrin Wasley a brother of the groom was best man. There were many relatives and friends in attendance to extend congratulations to the happy young couple.

The groom is one of the best known young men of this community. He was born and reared here, attending the public schools at Gold Flat and entering the Nevada City high school after completing the eighth grade at Gold Flat and graduated with the class of 1931. He is employed at the Pennsylvania mine in Grass Valley.

GRACEY MINE

The new owners of the Gracey-Glencoe mine have purchased the machinery and equipment of the Ancho-Erie mine near Graniteville. Tributors are taking out ore and it is understood plans are under way to sink the shaft.

BIRTH

BORN—To Mr. and Mrs. Donald Steger, of Nevada City, July 23, 1936, at the Nevada City Sanitarium a son. This is the first grandson of Mr. and Mrs. Robert Steger, Sr., and the first grandchild for Mr. and Mrs. B. Toccalini.

PROTECTED . . .
From The Moment it is Marked
'SHIPMENT!'

Insured against loss, damage, theft, fire or other causes, the shipments made by railroad are as well protected as though surrounded by an armed guard. Insurance is just one of the many precautions your railroad takes to keep up its high standard of service For the railroad respects your business—whether it be the casual shipment of a few boxes of fruit or the transporting of tons of mining machinery.

Faster schedules, too, play an important part in the perpetual 24-hour business day life of railroad freight. Split second timing, through well-oiled efficiency of the human machinery which keeps rail wheels running smoothly, add that touch of personal interest which makes such accuracy possible.

In every instance where the Nevada County Narrow Gauge Railroad, through cooperation of time arrangement as set by main lines, better the service to its patrons of Grass Valley and Nevada City, it immediately sets forth to do so.

One of the most outstanding successes of immediate years in the way of expedient delivery by the Nevada County Uarrow Gauge Railroad is its inauguration of door-to-door truck delivery service. Whenever you see the big olive-green truck, bearing the insignia of the N. C. N. G. R. R. Co. unloading shipments in either Grass Valley or Nevada City you will know that another customer is receiving the acme of service, prompt delivery and insured and protected shipment.

It is well to remember—"your railroad goes farther to make friends."

85 cents out of every Narrow Gauge dollar goes back to the community in wages or material purchases.

LUMBER TALKS

There was a building in our town
Whose hues were old and faint,
But we have made it look like new
With coats of Higgins' paint.
And now I say to every one
In city, town and diggin's,
When things are dingy, dull or drab,
Just S. O. S. for Higgins. —A.M.C.

The time to paint is now. Later on there will be uncertain weather rains, etc. We carry paint for all purposes, inside and out. This season we are featuring HIGGINS' ONE-COAT HIDE-ALL. It's a paint that does just exactly that. Put it on wall paper, kalsomine, plaster, bare boards. The result is the same. It hides all signs of wear and tear, all stains, all cracks — and it is washable. It comes in a charming assortment of colors.

The Sierra and National Hotels and the Lace House are painting interiors with it today. Another Higgins' product will cover the exterior of the big brick building of Morgan & Powell, Pine and Broad streets within a few days.

Drop in and let us advise you regarding your paint jobs. One of our specialites is good paint for all jobs at a comparatively low cost.

MINING NEWS

CLERKIN AND ESPERENCE GRAVEL MINES

The Clerkin and Esperence gravel mines near French Corral have closed on account of water shortage for sluicing operations.

FRENCH CORRAL PROPERTY

The French Corral or Golden Fleece gravel property continues to run gravel through the trommel to recover gold values. Four men are employed.

ST. LOUIS PROPERTY

It is reported broken timber is being removed and an old shaft cleaned at the St. Louis property in Willow Valley taken over by the Valley Mines Corporation several months ago.

LUCKY JANE MINE

The contract for extending the long tunnel at the Lucky Jane gravel mine at North Bloomfield another 200 feet was completed a month ago. Three men are employed in development work. Mr. C. E. Clark is superintendent.

BUNKER HILL PROPERTY

A small crew is engaged in driving a new tunnel at the Bunker Hill mine at North Bloomfield. It is in 80 feet. Mr. C. E. Clark is in charge of the quartz property which gives promise of good returns.

Mr. and Mrs. Ted Janiss of Nevada City are spending a vacation at Pioneer Camp above Sierra City.

Personal

Mr. and Mrs. J. J. Connell of Alleghany were Nevada City visitors this morning. They own and operate the Oro Flame mine.

Mrs. Joseph Martin of this city has as guests her nephews. Dick Sullivan and Joseph Glass of San Francisco.

Miss Frances Pentony of San Francisco is visiting Miss Louise Martin of Nevada City on the Grass Valley-Nevada City highway for a week.

In a recent visit to the Washington mine at Forest Hill Mr. E. C. Uren of this city visited with Superintendent Martin Costello, who has often visited in Nevada City. Development and mining are being carried on at the mine through two tunnels and an effort is being made to locate an ore shoot lost in the 90's. The old tailings of the mine are being leached and recovery values are $16 per ton which is an unusual value from tailings.

Mr. A. Sheldon Ward, attorney for the Cole interests in the Nevada City district is in San Francisco on business.

Mrs. Agnes Hoskins is quite ill at her home on Commercial street with a severe cold.

Mr. C. C. Van Loben Sels of near Sacramento is attending to business in Nevada City this week. He is interested in the reopening of the Sneath and Clay mine south of Nevada City in Gold Flat.

SAN JUAN RIDGE LEAGUE ELECTS NEW OFFICERS

The San Juan Ridge Improvement League met Wednesday evening and elected a new set of officers. The new officers are Jack Barnel, president; Mrs. Amelia Cunningham, vice president; Miss Gladys Cunningham, secretary; and Mrs. Robert Stevins, treasurer.

A committee consisting of Gordon Woods, Jack Brooks and Frank Carcione was named to take charge of dances and entertainment given in the Twamley hall, the new community house.

It is proposed to give the first dance in the fall season on August 8 and another dance on August 29.

MRS. D. ROUKE PASSES

Mrs. Dorothea Rouke, aged 82 years, who resided at Snellmans ranch near Pike City passed away Wednesday night. She has resided here 27 years and leaves one son, Robert Rouke, of North San Juan and many friends to mourn her passing. Services will be held this afternoon at three o'clock at the ranch home with interment being made in a private plot on the ranch. Rev. H. H. Buckner of the Nevada City Methodist church will conduct the services. Holmes Funeral Home has charge of funeral arrangements.

Nugget Advertising Pays.

BUSINESS FIRMS SOON ON "BURNT DISTRICT"

Seven men started excavating in the "burnt district" in the heart of Nevada City Tuesday morning. The work is following along the contour lines of the lots. The basement in the old barn next to Deer Creek was practically cleared Tuesday. Lines were drawn for a small service station about 50 feet from Deer Creek and forms were started on it Wednesday. The station is to be built for the Standard Oil Company which has taken a lease on the property from Isador Cheim of Marysville, owner of the ground. It is understood the new plant will cost $15,000.

The new Standard Oil Station will face Broad street and have a driveway on each side, while the Chevrolet agency building will be built to face on Main street and extend for quite a distance on the block.

Truck loads of lumber, gravel and cement are arriving for the new work and it is expected the two new business firms will soon be in their new locations.

LEGAL NOTICES

Application 8665
NOTICE OF APPLICATION TO APPROPRIATE WATER

NOTICE IS HEREBY GIVEN, That San Juan Ridge Mutual Water Association, (care of F. C. Homer), North San Juan, California, has under the date of May 15, 1936, applied to the Division of Water Resources, Department of Public Works, State of California, for a permit to appropriate unappropriated water, subject to existing rights.

DESCRIPTION OF PROJECT

Water to be appropriated from Weaver Creek tributary to Middle Yuba River, County of Nevada.

Amount applied for: 20 cubic feet per second. Diversion season named: December 1st to July 31st of each season. Water to be used for mining and domestic purposes.

Point of diversion within SE¼ of NW¼ of Section 3, T 18 N, R 11 E, M. D. B. & M.

Place of use described: Within NW¼ of NW¼ of Section 1, T 17 N, R 8 E, M. D. B. & M.

Water will be returned to Shady Creek within SE¼ of SE¼ of Section 2, T 17 N, R 8 E, M. D. B. & M.

RELATIVE TO PROTESTS

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permit shall within 60 days from date hereof file with the Division of Water Resources, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of protestant's land or place of use and point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

Dated: Sacramento, California, July 9, 1936.

EDWARD HYATT,
State Engineer.

July 24, 31, Aug. 7, 14.

FIRE ON HIGEINS PLACE

A fire started at Higeins place, southwest of Nevada City at 3:44 yesterday afternoon and State Ranger W F Sharp, and Assistant Ranger Matt Lawrence took a crew of 16 men to combat the fire which flared up and made rapid progress in grass and brush land This is the fourth fire in the same district and it may be possible they are being set by some party.

WHO WILL CASH THIS CHECK?

Mr. R. E. Ragon, who has just returned from a short vacation with friends at Lake Bowman found a check dated February 31, 1936, made out and signed by Joe Bush and payable to "Anybody." Somehow Mr. Ragon has not been able to find anyone to cash the seemingly perfectly good check. It does sound a bit phoney.

Nevada Theatre

FRIDAY
TREACHERY RIDES THE RANGE
A fearless U. S. Scout Chief rides shooting and singing, braving ambush, torture and massacre. Dick Foran, singing cowboy is the hero.

SATURDAY
BRIDES ARE LIKE THAT - Ross Alexander, the boy beloved in "Capt' Blood" in the arms of the sweetest bride (Anita Louise) that ever burned a biscuit.

SUNDAY AND MONDAY
SONS O' GUNS - Joe E. Brown with Jean Blondel. E-E-E-Yow! They're in the Army now! Joe sings and dances and he's a passionate Apache. Bigger and better songs and one long laugh.
